**Project Requiring Military
Personnel Assistance on a Reimbursable Basis**

Page 111 of the Military Personnel Justifications shows the number of personnel assigned to other Government agencies on a reimbursable basis. Included are the following projects: HEAVY HOOK, HEAVY BLUE, SLOW CURVE, and HEAVY SAND. Together these four projects constitute the total requirement for support provided to another Government agency. Division into four project areas is purely for Air Force management purposes. These military personnel possess skills and specialties peculiar to the Air Force and function within their AFSC, (i.e., pilots, air operations officers, aircraft maintenance technicians, security police, etc.). They are assigned under the applicable provisions of Public Law.
